

THE NEXT chapter

Last year ended with the long-awaited retirement of my husband, Earl, after over 40 years in the commercial refrigeration business! 2022 is the beginning of our "Next Chapter", which brings travel plans, more recreation and a change of home base. We are looking forward to being closer to Earl's family and three more of our grandchildren!

I will still have my Real Estate License with Willis Allen Real Estate, as a Referral Partner. To move on, I wanted to find someone who would provide the same level of care and service to my clients and referrals and I think you will really love the colleague I chose. Erin Jaszczak started working with me over this past year in preparation for the transition to being able to help my clients. She is also a SRES (Seniors Real Estate Specialist). She is a great advocate for whoever she is representing.

Meet Erin Jaszczak

Thank you for the warm introduction! Congratulations on Earl's retirement and well wishes to new adventures!

I am a longtime San Diego resident. I have lived in the Ocean Beach/Point Loma area for seventeen years. Born in Minneapolis, Minnesota, my husband Jeff and I relocated to San Diego in 2004 and we consider San Diego our home. Recently, we welcomed my mother, who recently sold her home of 44 years in Rosemount, Minnesota, and moved in with my family.

Real Estate is a multi-faceted relationship business and I understand that. Working on behalf of buyers and sellers, I work with my clients to maneuver the complex and challenging process of each transaction from beginning to the closing of escrow and beyond. I would welcome the opportunity to serve you in the future.

Cheers to new beginnings!
